

Senate Committee Approves Clauses In House Tax Bill

Votes on Monday for 32 Per Cent Maximum on Income Surtax as Fixed in House Measure.

HIGHER EXEMPTIONS ARE ALSO APPROVED

Small Incomes of Family Heads to Be Relieved of Part of Federal Tax Load.

Washington, September 12.—Two of the four major provisions of the House tax bill were approved today by the senate finance committee. One fixes the maximum income surtax rate at 32 per cent, as compared with the present 65 per cent, and the other increases by \$500 the exemption allowed to heads of families having net incomes of \$5,000 or less and by \$200 the exemption allowed on account of each dependent.

Chairman Penrose announced the committee would vote tomorrow on the effective date of the repeal of the excess profits tax. Even though senators favoring Secretary Mellon's proposal to make the repeal retroactive to last January 1, were of the opinion that the committee would accept the house provision for repeal as of next January 1.

Should the house date be approved, it was said the committee probably would approve repeal of all of the transportation tax as of next January 1 and most of the other tax repeals provided for in the house bill. Secretary Mellon's proposal for the repeal of the excess profits tax was reduced to 25 per cent, the committee took under consideration a treasury plan to reduce the rate in each of the income surtax brackets by 1 per cent, so as to lighten the burden on those having incomes of less than \$58,000 a year as well as those whose incomes exceed that amount.

Several new tax proposals are to be presented to the committee, but Chairman Penrose said he has decided to have a final vote on the bill next Friday, so as to give the draftsmen and experts time in which to put the measure in shape for presentation to the senate, when congress reconvenes on September 21. If necessary, the committee will hold night sessions, Chairman Penrose said.

Amount of Increase.

The question of the amount of the increase to be made in the corporation income tax as an offset to the repeal of the excess profits tax has not yet been reached by the committee. The house bill fixes the total at 12 1/2 per cent instead of the 15 per cent recommended by Mr. Mellon, and the opinion today at the capitol seemed to be that the house rate would be accepted if elimination of the profits tax were put off until next January.

Senator Penrose said this and other lesser charges recommended could be disposed of within a few hours after the committee had decided on the very important question of the date of the profits tax repeal. He said that, personally, he was willing to make the date retroactive.

The chairman also stated he was hopeful the tax bill could be put through the senate without any great delay. He added that he did not look for any deliberate effort to delay the measure.

Both Treasury and Reserve Board Report Much Better Business in the South.

Washington, September 12.—Conditions throughout the south now reflect a greatly improved tone, officials said tonight, both the treasury and the federal reserve board reporting a lessened demand for credit from that section. The view was expressed by high treasury officials that the purchasing power of the south should be sustained through the winter as a result of the improvement in the cotton market.

Better business in the south, it was asserted, could be expected to have its effect upon the country generally and by a reduction in the credit needs of the cotton states make available more money for other sections. In coal and steel, however, according to the treasury, little improvement is in sight at present. Orders are few in these industries, officials said, with little prospect of betterment.

FLOOD DEATH LIST IN TEXAS GROWING

Late Reports Tell of Over Hundred Bodies Found in River Bottom Lands.

San Antonio, Texas, September 12.—More than 100 bodies of flood and storm victims in the lowlands along the San Gabriel river in Williamson and Milam counties have been recovered, according to the correspondent of The San Antonio Express at Taylor, who telegraphed a report tonight.

The correspondent telegraphed the following:

"One hundred and nine bodies have been recovered from flooded lowlands along the San Gabriel river in Williamson and Milam counties. Most of the dead are Mexican farm laborers."

Another dispatch to The Express from Rockdale, Milam county, says: "More than 20 families in the Brazos bottoms between Cuase and Valley Junction are reported lost. Five persons are known to have been drowned on the Ed Green farm in the San Gabriel bottoms."

More than 20 feet of water rose over the roads in Brazos bottoms and nothing has been heard from the twenty families living there.

Despite the disastrous flood of Saturday, which swept through San Antonio's business and residence sections, bringing death and great property loss, optimism marked the statements today of city officials and civic organizations.

Mayor O. B. Black declared today that while the city had suffered one of the greatest catastrophes in its history, help from the outside was not needed. "We have not called for help," the mayor declared.

"We are coming back better and stronger."

Search for dead bodies continued; cleaning up is going on rapidly. Merchants already have opened their stores; the banks are open, street cars running, and the water pressure resumed. Within a few days San Antonio will be back to normal.

The number of houses swept away or damaged seriously on Alamo creek in Saturday's flood, was placed at 145 by newspaper men today. It is estimated that probably fifty more dwellings were carried away or damaged beyond repair along San Antonio river, San Pedro and Martinez creeks. Many of the structures, especially along Alamo creek, were small and of poor construction.

The known death list here remains at 49 tonight. Most of the dead have been buried. One family of seven was buried in one grave.

RELEASE OF DEBS URGED BY CARMEN

Adopt Resolution to Ask Harding to Act in Case. Open 17th Convention. Hear Arkwright.

Unanimous adoption of a resolution instructing W. D. Mahon, international president of the Amalgamated Association of Street and Electric Railway Employees of America, to send a telegram to President Harding requesting, on behalf of the 150,000 street and railway employees of the United States and Canada, the immediate release of Eugene V. Debs, former socialist candidate for president, and now serving a term in the Atlanta Federal penitentiary, featured the afternoon session of the opening day of the seventeenth biennial convention of this organization, which convened in the city auditorium Monday morning.

The convention opened Monday morning with hundreds of delegates from throughout the country, including all of the national officers. The afternoon session was taken up with receiving and examining of credentials, the principal feature of the short business session following being adoption of the resolution asking for Mr. Debs' release.

At the opening meeting in the morning President Mahon declared that organized labor is at present facing a critical test, but that it would survive the attacks of capitalists because it has too firm a foothold in the industrial life of America and other nations. He scored the disparaging attitude of capitalists toward the laboring men after his services rendered in the world war, in which, he declared, the union men bore more than their part of the burden.

Address of Welcome.

The address of welcome given by the president was followed by talks by Governor Hardwick, Mayor Key, Louis P. Marquardt, secretary and treasurer of the Georgia State Federation of Labor, W. C. Caraway, president of the Atlanta federation;

SCHOOL PUPILS TO PASS 34,000; ASSERTS SUTTON

Record-Breaking Enrollment Brings Possibility of Double Sessions in Several Schools Daily.

MUST GET BUILDING NEAR GIRLS' HIGH

Education Department Crowded by Transfer Seekers—Touching Scenes Enacted by Beginners.

The possibility of double daily sessions in several of Atlanta's schools today morning, when the fall term of the city system opened with an enrollment far above the record of past years, it being estimated that the total figures will reach 35,000.

W. L. Sutton, superintendent, said today Saturday, however, that every effort would be made to avoid the double-session contingency, and that, in his opinion, it could be arranged through a careful study of the situation and use of every available inch of space in the schools for the single sessions.

The high schools, Boys' High, Tech High, Commercial High and Girls' High, presented the greatest average increase in attendance on the opening day. Tech street, Lucile avenue, Moreland avenue, Highland avenue, Greenwood, Grant park and English avenue were the worst crowded of the grade schools. Thirteen portable annexes have already been purchased and eight more are ready for occupancy Monday. The others of those already purchased will be in place and ready by the end of the week.

Professor Sutton declared again Monday that the object of the department was to provide a seat for every child who wished to attend school, and with this in view his department on the fourth floor of the city hall was endeavoring to secure transfers for persons in sympathy with their children, or persons in need of a room for another pupil in another locality. Mr. Sutton personally attended to many of these details of the work and also found time to visit many of the schools during the day.

Estimate Passes 34,000.

A compilation of the total enrollment had not been made Monday night when the offices of the department closed, so busy had the force of workers been with the registration of pupils, but Mr. Sutton said figures will be available within a day or so. He maintains his original estimate of something over 34,000 enrolled.

The high school situation seems most serious. Mr. Sutton says that a new building must be rented at once to take care of the surplus attendance at Girls' High.

From two to three hours in each of the city's 70 schools was all the "books" that pupils had Monday, but lessons were assigned and new books were being thumbed at Monday night in preparation for the lessons which will begin promptly at 8:30 o'clock Tuesday morning—to last until 3 o'clock in the afternoon.

Safety of the tots bound for their schools was assured Monday morning by specially assigned policemen who watched corners in school neighborhoods where traffic is heavy. This practice will be continued throughout the year during these hours when the army of small people buses itself with going to school and returning therefrom.

Would Delay Transfers.

The jam of business to which the offices of the board of education have been subjected for the days past is responsible for the request of J. L. Sutton, that parents desiring transfers for their children do not make such requests until Thursday. School principals have been asked to meet at the city hall Wednesday to present complete reports of enrollment in their school and the final figures will be available soon after.

Tuesday morning the schools will be opened with patriotic exercises. "America" will be sung, the flag will be raised, and to the pupils will be explained the duties and privileges of American citizens. This is a part of the Americanization program being fostered by the Georgia Parent-Teacher association and was suggested by Mrs. J. E. Andrews, Georgia chairman of the National Security League. These ceremonies will be brief and it is planned to make them an annual feature.

Simultaneous with the opening of the public schools Monday, the Normal Training school, under the direction of Miss Emma Wesley, began its fourteenth session, many high school graduates of Fulton and DeKalb counties being enrolled. Miss Wesley was formerly principal of the Hill Street school and succeeded Miss Mary W. Postell in the world in which she is now engaged. Mrs. Azile Simpson will assist her as Miss Lamar Jeter and a corps of demonstrators. This school gives an accredited course in the theory of teaching and many of the more capable of Atlanta's instructors have received their training in its institution.

Touching Scenes.

Touching little scenes were enacted today in a squad of Toledo police, federal authorities an-

Pretty Victim in Arbuckle Gin-Frolic Remembered as Model in Atlanta Store

Virginia Rappe and "Fatty" Arbuckle.

Virginia Rappe, the beautiful victim of the merry-making at Fatty Arbuckle's apartment, just a few years ago was a mannikin in one of Atlanta's big department stores. Hundreds of Atlanta women saw her wear the latest creations of the spring of 1917 at the fashion show of J. P. Allen and those who saw her remembered her, not only for the stunning plumage, but for the vivacity, grace and charm with which she wore it.

That the woman in the already much discussed case and the dainty little model who paraded the streets and use of every available inch of space in the schools for the single sessions.

The high schools, Boys' High, Tech High, Commercial High and Girls' High, presented the greatest average increase in attendance on the opening day. Tech street, Lucile avenue, Moreland avenue, Highland avenue, Greenwood, Grant park and English avenue were the worst crowded of the grade schools. Days of Argonne Recalled as Boys Return in Sleep

Lieutenants Owens, Hamrick and Sutton and Others Are Here for Rest Eternal.

Forty-four bodies of men who have been sleeping in the front of the terminal station, and there is a particularly poignant heart throb for all Atlanta in their return, for most of the forty-four were members of the Eighty-second division, the boys for whom Atlanta lined its streets that bright April morning in 1918, and for whom Atlanta cheered as they marched away to immortality.

On account of a war department order, no list of names of the dead is given out in advance of their arrival. Chances are too many for a mistake in the consignment of bodies, the officers say. Chances are, accordingly, too many for additional suffering for those who loved these individuals who have forever become part of the army of America.

But, according to unofficial advice received by friends, most of the returning caskets will carry boys who wore the insignia of the Eighty-second. There will be First Lieutenant Justus Erwin Owens, of Company L, 326th Infantry, known and loved by hundreds of Atlantans. His body is on its way to his old home in Canon, Ga., where the funeral will take place at 4:30 o'clock Wednesday afternoon. Lieutenant Owens was of the class of 1915 at the University of Georgia. So popular was he with his classmates that he was elected their perpetual president.

He was killed while his command was making a desperate advance against withering machine gunfire in the Argonne woods on October 13, 1918.

There will be First Lieutenant Ward Hamrick, adjutant of the Third battalion, 326th Infantry. Lieutenant Hamrick's body is on its way to his Mississippi home. In Atlanta, Colonel Homer Watkins will meet the body. Colonel Watkins, then Major Watkins, was in command of the Third battalion when Lieutenant Hamrick was hit on October 15, 1918, in the Argonne fighting. He held Lieutenant Hamrick in his arms as his spirit fled from his torn body.

Another hero returning is Lieutenant Wiley C. Sutton, who was killed in the desperate fighting in defense of Paris in July of 1918. Lieutenant Sutton was for years connected with the Lowry bank, and his father, W. H. Sutton, of 613 North avenue, survives him, as do his brothers, Walter H. Sutton and Johnson H. Sutton, and his sisters.

A. B. & A. WRECK HEARING TO BEGIN AT CAPITOL TODAY

Railroad Ready to Submit Evidence That Explosive Was Placed on Trestle Last Week.

SPECIAL COMMITTEE VISITS WRECK SCENE

Attorney for Machinists Announces Intention to Introduce Evidence to Rebut That of Railroad.

Evidence to prove that the A. B. & A. wreck at Cascade crossing last week was caused by dynamite, with the inference that the explosive was placed on the trestle by strikers in preparation for the strike, will be submitted to the special investigating committee named by Governor Hardwick, when that committee convenes today at 10 o'clock at the capitol. At the same time, attorneys for the machinists' union, and Wood Hudson, general superintendent of the Georgia Car and Locomotive Works, had visited the wreck.

An inspection was also made by Assistant Chief Patterson, the bureau of safety of the interstate commerce commission, who will report directly to Washington, and who operated independently of the state body.

The taking of testimony was insisted on by Reuben R. Arnold, specially employed in the explosion investigation by B. L. Bugz, receiver for the A. B. & A. Carl Hutcheson, attorney for the machinists, also declared he would introduce evidence if the railroad was permitted to do so.

"We have the testimony of a chemist who made an inspection and who found evidences of chlorate of potassium at the scene of the wreck, mixed with sugar, and exploded with dynamite caps, and we have the wrappers from the dynamite sticks," said Mr. Arnold.

The special committee met Monday morning in the offices of Chairman Murphy Candler, of the state railroad commission.

After a conference, the committee emerged, and Mr. Candler announced the method of procedure, stating that the first step would be a visit to the scene of the wreck. After this inspection announcement of the hearing Tuesday was made.

Escaped Prisoner In Postal Robbery Case Is Caught

AGED MAN HIT BY AUTO

J. H. Brown Sustains Broken Leg and Bruises.

J. H. Brown, 60 years old, of 121 West Baker street, was the victim of an automobile accident about 6 o'clock Monday afternoon when he was struck by an automobile driven by W. F. Marry, Jr., a tailor with office in the Metropolitan building. The mishap occurred on Jackson street near Ponce de Leon avenue. The injured man sustained a broken leg, lacerations and bruises about the body. He was taken to Grady hospital by the driver of the car. His injuries are not thought serious.

Marry went in person to police headquarters where he reported the accident. He stated that Brown ran into the street to overtake a street car, and that he stepped directly in front of his car. Marry was released on bond, while a charge of reckless driving was lodged against him.

U. S. BEGINS SALE OF CERTIFICATES TO AID RAILROADS

\$7,500,000 of Car Trust Securities Bought by New York Firm of Bankers.

Washington, September 12.—The administration, without waiting for congressional action, has begun the sale of securities to provide funds for the railroads.

Car trust certificates in the amount of \$7,500,000 have been bought by Kuhn, Loeb & Co., bankers, of New York, the railroad administration announced Monday.

The money derived will be utilized by the railroad administration in making settlements with the carriers, supplying funds they urgently need.

The sale is the first of large transactions which the administration hopes to carry through in the near future, as conditions in the money market improve. Car trust certificates, which the government holds total \$380,000,000, and they will be sold as rapidly as conditions warrant.

The money derived will go to the railroads, in order to tide them over until congress has had an opportunity to act on the administration's railroad funding bill. This measure provides for utilization of the machinery of the War Finance corporation in selling obligations which the railroads propose to give to the government for their indebtedness. Funds from the sale would be used to pay the indebtedness of the government to the roads.

Meantime, however, railroads have made earnest representation as to the immediate need for help, and the administration decided to proceed.

President Harding and his advisers hope that the revival of the buying power of the railroads will stimulate industry, and will be an important factor in relieving unemployment.

The government came into possession of the car trust certificates through operation of the transportation act of 1920. The government advanced funds to the roads with which to make purchases of equipment, in return or which the roads gave certificates bearing 6 per cent interest.

The sale announced Monday was made at par and accrued interest, the only terms legally possible. Negotiations are proceeding for additional sales, and Secretary of the Treasury Mellon believes they will be made soon, because of improved conditions. The interest rate up to the present has made the investment unattractive from the standpoint of the bankers.

Eugene Meyer, Jr., managing director of the War Finance corporation, negotiated the sale for the government.

The securities sold were in blocks of \$1,000,000, and were from those roads A. T. & E. C. R. & Q. N. & W. Central of N. J. S. R.

Finding of Ocean Mine May Be Real Clue To Loss of Vessels

Portsmouth, Va., September 12.—Discovery yesterday of a mine, three feet in diameter, coated with barnacles and oysters, and provided with an electrical firing device, washed ashore at Ocean View, near here, has given rise to the theory that perhaps a number of ships lost off this coast recently may have met their end by striking one of these explosive devices.

Arbuckle Present As Coroner's Jury Hears Testimony

Assistant Manager of Hotel Tells of Finding Comedian Carrying Half-Nude Body of Girl.

San Francisco, September 12.—Rocco "Fatty" Arbuckle, charged in a sworn complaint with the murder of Miss Virginia Rappe, must wait until Tuesday to learn the verdict of the coroner's jury.

After a long session late Monday, the inquest was adjourned until Tuesday, when Mrs. Bambi Maud Delmont, complaining witness against Arbuckle and who was present at the fatal party at the St. Francis hotel, will be called to testify.

With the adjournment of the inquest, the film star, plainly fatigued, was led back to his cell in "leion's row" of the city jail.

Testimony of four physicians and of Harry Boyle was taken.

Physicians Testify.

The physicians examined are: Dr. M. E. Rummell, Dr. William Opus, Dr. J. Reed, Dr. Emmet Rexford and Dr. Olaf Kiarboe, who had been attending or consulting physicians at different times during Miss Rappe's illness.

They were all questioned closely as to whether the rupture which caused her death could have been of spontaneous origin.

At the conclusion of the inquest, state officials hurried to the grand jury rooms. The grand jury will be asked to indict Arbuckle on a charge of first degree murder, it was stated by District Attorney Brady.

H. J. Boyle, assistant manager of the St. Francis hotel, told how he had found the film comedian trying to carry her body from his suite to another room.

Nude to Wait.

"When I got to Arbuckle's suite, I found him with Miss Rappe in his arms, trying to carry her from his room to another room," he testified. "He said, 'She's heavy.' Arbuckle said, according to Boyle, 'Somebody take her. I'll drop her if you don't.'"

The actor was wearing a dressing gown over his pajamas, Boyle testified. "Miss Rappe was nude to the waist. I took her from Arbuckle and carried her to a nearby room."

Dr. Olaf Kiarboe told how he was called to the St. Francis suite last Monday. "When I got there I saw Arbuckle," he testified. "This woman has had too much party, too much booze, I guess," Arbuckle said to me.

"I examined her body down to the waist and saw no marks. She was nude to the waist."

Cause of Death.

Dr. M. E. Rummell, one of the surgeons who performed an unofficial autopsy upon Miss Rappe's body, testified that in his opinion she had died from the bursting of a sac of pus that had been gathering in her abdomen.

"At no time while I was there did Mrs. Delmont mention any screams, scuffles, or anything like that," he said. "She never told me Arbuckle and the girl went into a private room."

Attorneys for the comedian lost a point when they tried to have Mrs. Bambi Maud Delmont, a member of the gay St. Francis

President Harding and his advisers hope that the revival of the buying power of the railroads will stimulate industry, and will be an important factor in relieving unemployment.

The government came into possession of the car trust certificates through operation of the transportation act of 1920. The government advanced funds to the roads with which to make purchases of equipment, in return or which the roads gave certificates bearing 6 per cent interest.

The sale announced Monday was made at par and accrued interest, the only terms legally possible. Negotiations are proceeding for additional sales, and Secretary of the Treasury Mellon believes they will be made soon, because of improved conditions. The interest rate up to the present has made the investment unattractive from the standpoint of the bankers.

Eugene Meyer, Jr., managing director of the War Finance corporation, negotiated the sale for the government.

U. S. BEGINS SALE OF CERTIFICATES TO AID RAILROADS

\$7,500,000 of Car Trust Securities Bought by New York Firm of Bankers.

Washington, September 12.—The administration, without waiting for congressional action, has begun the sale of securities to provide funds for the railroads.

Car trust certificates in the amount of \$7,500,000 have been bought by Kuhn, Loeb & Co., bankers, of New York, the railroad administration announced Monday.

The money derived will be utilized by the railroad administration in making settlements with the carriers, supplying funds they urgently need.

The sale is the first of large transactions which the administration hopes to carry through in the near future, as conditions in the money market improve. Car trust certificates, which the government holds total \$380,000,000, and they will be sold as rapidly as conditions warrant.

The money derived will go to the railroads, in order to tide them over until congress has had an opportunity to act on the administration's railroad funding bill. This measure provides for utilization of the machinery of the War Finance corporation in selling obligations which the railroads propose to give to the government for their indebtedness. Funds from the sale would be used to pay the indebtedness of the government to the roads.

Meantime, however, railroads have made earnest representation as to the immediate need for help, and the administration decided to proceed.

U. S. PARTICIPATION IN WORLD LEAGUE IS NOW PREDICTED

Parallel Efforts for Peace Bound to Bring All Forces Together, Says Administration Advisor.

BY ROBERT J. BENDER.

United News Staff Correspondent.

Washington, September 12.—Leon Bourgeois, of France, during debate in the league of nations assembly at Geneva on the subject of disarmament, has voiced an opinion which has been reflected for some time by administration leaders here relative to a future association of nations.

"I am personally convinced," Bourgeois is quoted in United News cables as saying Monday,

party and the complainant who on Monday filed the murder charge, called to the stand.

Assistant District Attorney U'Ren insisted that he wanted Mrs. Delmont to appear before the grand jury before going on the witness stand at the coroner's inquest. Attorney Frank Dominguez, for Arbuckle, vehemently opposed this motion. Coroner Leland ruled that she would testify at Tuesday's session of the investigation.

An appeal to the thousands "having knowledge of the famous Fatty Arbuckle smile" to withhold judgment on Roscoe Arbuckle was issued late Monday by Arbuckle's attorneys.

"Judge not, that ye be not judged," was the keynote of the appeal.

"We, with a complete knowledge of all the facts, know that Arbuckle is innocent," the statement reads. "The patrons of the silent drama, having a knowledge of the smile of the famous Fatty Arbuckle will not believe that he is guilty of the charges made against him until proven in a court of justice."

"The Christian sentiment of this God-fearing nation will not judge any person guilty of an alleged crime until the same has been proven in a spirit of our Master, who said, 'Judge not, that ye be not judged.'"

Declare Innocence.

"The whirlwind and typhoon of unjust criticism is now on. Truth will dispel the clouds of falsehood and will sustain the basic principle of the Anglo-Saxon ideal that the presumption of innocence prevails until the same has been proved beyond a reasonable doubt."

"Comedy and tragedy come into the lives of the unfortunate. In God's plan the two are essential. Christian charity of the civilized world will be manifest in this case. We appeal to the conscience and hearts of the American people to hold in abeyance any judgment until the court has determined the guilt or innocence of our client."

"To our countrymen and to his admirers we positively declare that the charges made against him are false and the same will be established in due time in the courts of justice of California. Bias and prejudice cannot prevail."

Paces Coroner's Jury.

Arbuckle faced a coroner's jury here late Monday, in the investigation of the death of Miss Virginia Rappe, movie actress, for whose murder he stands formally charged in a complaint sworn out here.

Coroner T. W. B. Leland announced that Arbuckle would be allowed to attend the inquest, but that he would not necessarily testify. He has the right to refuse to take the witness stand if he desires and the policy of his defense indicates that he will be a silent auditor as the tragedy surrounding the death of the beautiful young movie star is related by other members of the "gin jollification" in Arbuckle's suit at the St. Francis hotel last week.

Later, and climaxing one of the grimmest days in the checkered career of the popular comedian, his indictment on a charge of first-degree murder will be read by the county grand jury, according to District Attorney Mathew Brady.

Crim Scenario.

If this drama of the happy ending that the affairs of Arbuckle have always had in the movies, it will require more ingenuity than has ever been exhibited by a scenario writer, for the state is leaving no stone unturned, as declared by District Attorney Brady to complete its evidence against the comedian.

During the day Arbuckle was forced to appear before Judge O'Brien, mixed in with a long line of vagrants, petty thieves, women of the streets and other "undesirables." He was allowed time to confer with his attorneys. When the conference was pronounced closed, Judge O'Brien ordered his appearance within five minutes.

"We don't show this man any favors here," the judge declared, plainly angry.

The complaint charging Arbuckle with murder was signed by Mrs. Dominguez, friend of the comedian in his hotel room, and Miss Rappe, who was present at the gay party given by the comedian in his hotel room, and which he is alleged to have committed acts which resulted in the death of the beautiful young actress. After swearing to the complaint, Mrs. Delmont, who has declared that "she will tell the truth if she is killed for it," collapsed and had to be escorted from the courtroom.

Judge O'Brien continued the case until Thursday.

Witnesses Hidden.

When the grand jury is handed the case twenty-two witnesses, most of them present at the fatal "gin jollification," will give evidence. The state has all of these witnesses hidden away and guarded by detectives.

"We will have them all on hand tonight," said Captain of Detectives Duncan Matheson. "Our case is complete and we will get the truth from every one of the witnesses who were at the party. Many of the statements contain sensational charges."

In addition, the torn clothing of Miss Rappe will be introduced as evidence that Miss Rappe was attacked by Arbuckle during the hour it is alleged she was forced into the comedian's bedroom.

This clothing was recovered late Monday from Al Semmacker, friend of both Arbuckle and Miss Rappe, who had taken it to Los Angeles when the wild party broke up after it was found the young woman was dying.

The pathetic little bundle handed State's Attorney Brady contained a green silk dress, rumpled and soiled; dainty pink silk underwear, torn almost to shreds; a pair of silk garters; a hat, and a cloak Semmacker said that he had taken the ripped underclothing to dust his automobile.

Tore Own Coffin.

The statement by Mrs. Delmont that when she entered Arbuckle's bedroom and found Miss Rappe on the bed, screaming that she was dying, that the young woman was hysterically pulling the cuffs from her waist, is expected to be used by the defense to prove that Miss Rappe tore her own clothing off while hysterical from drinking liquor.

Dr. S. P. Strange, acting city autopsy surgeon, filed a preliminary report with the police Monday declaring he had found eleven bruises upon the dead movie actress' body. This is in conflict with the statement of Dr. J. M. R. Griffin, who performed the first autopsy and reported that he found no bruise.

Arbuckle awoke from his first night in jail to find his cell companion a burglar named Martin. He immediately sent out for breakfast and a barber. He ordered both for Martin, too, and insisted on serving the burglar first and to allow him to be shaved first.

Then came the morning lineup of prisoners, preparatory to the opening of police court.

Yes, sir, answered the comedian from the front of the courtroom, "I was there, and he joined the dejected throng of petty offenders that always make up the gist of a Monday morning in police court."

He refused to make any statement.

"My attorneys have asked me to remain silent at present," he said. "What I have to say will be said in my defense later."

MOVIE COLONY SPLIT IN VIEWS.

Los Angeles, Cal., September 12.—This, the world's movie capital, is a-flutter over one thing—"The Arbuckle case."

The buzz of gossip is heard everywhere, in the streets, on the "lids," at the beach cafes and in hotel lobbies.

Everywhere the question is asked: "What effect will the scandal have upon Hollywood—upon the entire movie industry?"

Frequent charges of gross immorality among movie folk have been made for years. Church people and civic leaders have been especially severe in their criticism. The industry, however, has brought millions of dollars to the city, and the business community has supported it.

Now, with the Arbuckle case in the first page headlines all over the country, the movie colony is divided into factions. One standing up for "Fatty" in his tragic predicament; the other denouncing him.

Already reports are coming from all over the country that "Fatty" films will not be shown pending the outcome of the trial.

Jesse L. Lasky, head of the Lasky interests, is said to have cancelled his trip so that he can observe the effect of the Arbuckle case upon his companies, which control several Arbuckle films.

Movie stars decline to comment for publication upon Arbuckle's arrest. Their position is the least said, the better.

Sentiment seems to be that "movie life" will have to be slowed up to avert public censure that would be apt to have its effect upon the industry.

"ALWAYS HAPPY."

SAYS STEPMOTHER.

San Jose, Cal., September 12.—Roscoe C. (Fatty) Arbuckle, under arrest in San Francisco on a murder charge, played the part of the "Died Piper" to the children of Santa Clara, near here, where he lived years ago, according to a statement today by his stepmother, Mrs. Mollie Arbuckle. He was a washerman and charwoman. Her husband died four years ago.

"He was so big and good natured and so full of fun that the children used to follow him around to watch his antics," Mrs. Arbuckle said at her Santa Clara home. "I knew nothing of Roscoe until he was 12 years old."

"He was always kind to me and I did not hear from him until about five years ago when he appeared in a San Jose theater. I spoke to him for a few minutes then."

"Roscoe was always kind to me but never offered to support me, and I never expected him to. I do not feel it was his place to support me."

"He is innocent. I want to see him cleared. If he is guilty I want to see him punished to the limit."

Referring to Mrs. Arbuckle's statement that Roscoe Arbuckle is an uncle of Al St. John, motion picture actor of Los Angeles, she said: "He is a brother, Arthur Arbuckle, in San Francisco, and another brother, Harry Arbuckle, in Fresno, she said."

N. Y. CENSORS NO AUTHORITY.

New York, September 12.—The New York state board of motion picture censors has no legal right to attempt to interfere with the showing of any Fatty Arbuckle picture in this city.

The board of censors, which is one of the clients of the comedian, stated that the board has no authority to rule against any film on account of the private life of any of the actors in it," said Levenson.

NEW ENGLAND BARS FILMS.

Boston, September 12.—New England cities Monday barred Roscoe (Fatty) Arbuckle's films from their theaters.

Mayor Benjamin F. Haines, of Medford, declaring that exhibition of Arbuckle pictures at this time would be "against public morals," barred the showing of one such film at the Medford theater and advised other theater managers that they should not be permitted to exhibit them.

Similar action was taken by the mayors of Fall River, Cambridge, Lynn and Everett.

Lieutenant Richard Gamble, police censor at Providence, R. I., notified all movie houses in that city that Arbuckle films were barred for all time unless the comedian cleared himself of the murder charge. Gamble was upheld in this drastic order by the Providence police commission. Authorities in other Rhode Island cities are expected to take like action.

MICHIGAN IMPOSES BAN.

Detroit, Mich., September 12.—"Fatty" Arbuckle films will not be shown in Michigan, Royal A. Baker, lieutenant of detectives and screen censor, announced Monday. His action was concurred in by the Michigan Motion Picture Exhibitors' association.

"It is assuredly for the best interests of the screen that Arbuckle pass into eclipse right now," said H. M. Rihley, general manager of the exhibitors.

SPECIAL SESSION PROBING MURDER

Blackshear, Ga., September 12.—(Special).—At a special session of Pierce county superior court called by Judge Highsmith, the case of Mage Carter, charged with the murder of Sheriff John Roberson on August 25, was placed in the hands of the grand jury today at Blackshear.

Crowds began to arrive from all parts of the county at an early hour. By the time Judge Highsmith began his charge to the grand jury the courtroom had been overflowed. Excitement was tense throughout the city, crowds gathering at every corner.

Judge's Charge.

Judge Highsmith's charge to the grand jury was one of the strongest ever delivered in this section. He took as his subject "Law Enforcement," and in a forceful manner asked that all manner of lawlessness, and especially that connected with the case be investigated fully.

An indictment of murder in the first degree will be returned by the grand jury tonight, it is expected.

Large Number of Jurors.

The case will be heard tomorrow. One hundred and twenty petit jurors have been summoned and the selection of a number to take up the greater part of the morning session. Sensational evidence will be produced and early in the trial and will probably change the first aspect of the case.

Sheriff Roberson was killed near a still said to have been operated by Carter, who was charged with the murder of Sheriff Roberson. Ben Axson, an eyewitness, was captured next morning. Carter confessed the killing but claimed self-defense. He was rushed to Savannah and later to Wright Waycross for safekeeping.

WOODRUFF REPORTS ROBBERY OF HOME

R. W. Woodruff, of 52 Waverly street, reported Monday night that his home had been burglarized within the past two weeks, during which time he was away from the city on a vacation. He said among the articles taken were two suit cases and a number of revolvers and rifles. The thieves gained entrance by sawing away the woodwork and screens on the window.

ALLEGED DRUG DEALER ARRESTED IN ATLANTA

In the arrest of S. E. Hayes, who gave his address as 143 1-3 East Hunter street, federal narcotics inspectors believe that a professional dope peddler has been apprehended. Hayes was arrested Monday by Inspectors LaSalle and Nations in the act, it is said, of selling some drugs. He was held under \$500 bond pending a preliminary hearing next Monday before the United States commissioner.

London, September 12.—Eamon de Valera's reply to Lloyd-George will insist that the proposed round-table conference at Inverness begin without any previous agreement as to what questions shall be discussed, including even that principle which Lloyd-George has laid down as the essential basis for the conference—allegiance to the crown and admission to the United Kingdom, according to well-informed officials in London.

The reply is on its way by special courier to the British premier in Scotland.

The reply, therefore, is a rejection of an acceptance, according to whichever interpretation Lloyd-George cares to place upon it. If the premier insists upon the principle of allegiance as an undebatable proposition, De Valera's answer can not be considered otherwise than as a refusal to enter the negotiations. If, however, Lloyd-George is willing to discuss all phases of the situation, including this principle, the conference will be held.

GRAND JURY PROBES HICKMAN KILLING

Jacksonville, Fla., September 12.—The county grand jury convened in special session today to investigate charges against John Pope, local attorney; Irwin Novitzky and his wife, Johnnie Novitzky, in connection with the killing of George H. Hickman, when he resisted an attempt to rob a theater in his charge last week, recessed until tomorrow without reporting its findings.

The jury met in two sessions today and heard the testimony of several persons, including this principle were Frank Rollins, alias Rawlings, held on a charge of murder, and

OLD KENTUCKY
Home Grown Natural Leaf Tobacco.
Cream of the Finest Crop Direct to You.

Rich, ripe, old-fashioned leaf. The choice of Kentucky's finest crop direct from my farm to you. This famous old Kentucky tobacco is no more like manufactured tobacco than day is like night. Free from chemicals and all adulterations that undermine the health. Grown in Kentucky's finest soil, cut at the proper time, carefully selected, and well cured for chewing or smoking. Its rich, rare fragrance permeates the air like old wine in a cellar, cured and aged by the same method as used by our grandfathers in the early days in preparing tobacco for their own personal use, every trace of harshness leaves it, nothing to bite the tongue, or parch the mouth, nothing to tire your taste, no fancy packages, no decorations, nothing but quality and lots of it.

Grown right here in the greatest tobacco producing country in the world, you have never tasted a finer flavored, more satisfying tobacco in your life. I am a grower of tobacco and sell none but my own crops, therefore giving you pure tobacco and cutting out all middle men's profits, giving you real tobacco right from the farm at less than one-fourth the price of manufactured tobacco.

I have on hand ten thousand pounds of my 1917 crop that I cannot sell for anything near what it cost me to produce this tobacco and as I always use my tobacco four years before offering it for sale and now I am going to lose heavily on the 1917 crop, and I am going to make an offer the like of which has never been made before by me or anyone else and never will be made again. I am going to take my loss now rather than hold for higher prices, so I have carefully classed and selected this tobacco and packed it in twenty-pound bundles and in order to close out this 1917 crop and get shut of it I am going to offer it 20 pounds for \$5.00, or 25 cents per pound. This is the most remarkable offer ever made before and this tobacco will go like hot cakes, on such a remarkable offer.

GUARANTEE.
When the tobacco arrives try it five days, and if it doesn't please you, if it doesn't suit your taste, if it doesn't save you money, back it comes and every red cent of your money will be returned without question or quibble. You risk nothing. Send me your order today for 20 pounds of my Old Kentucky Natural Leaf Tobacco and enjoy the treat of your life. Mellow as moonlight, fragrant as the rose. Every order shipped by Insured Mail. I pay all shipping charges east of the Rockies. Remember, this is a special offer and will never appear in these columns again, so grab it while it is before you. A hint to the wife is sufficient. This tobacco will go like hot cakes on this extraordinary offer. First come, first served, so rush your order. Absolute satisfaction guaranteed to everyone. One price and one policy to all.

HOW TO REMIT.
Please remit by Check, Bank Draft, or Cash by Registered Letter. Make all orders payable to and address all letters to

Members of Junior Chamber Given 'Cue At Bull Sluice by Power Company**BIG FROLIC ENJOYED BY ATLANTA CIVITANS**

"Get together" was the keynote of the dance and frolic given by the Civilian club Monday night in the Capital City club ballroom.

The frolic was strictly informal. Dress suits were not necessary, and there was no age limit. There were little tots there around the age of 5 years, and there were successful business men who count their years by the scores. And all seemed to enjoy to the utmost the dances, the punch and the dinner.

There were musical selections by some of Atlanta's most talented young women. Misses Hazel and Mabel Whitney sang popular songs of the past and present. Mrs. Martha Clark accompanying them on the piano.

Another feature was the award of prizes to the ladies present. Members of the club have made suitable gifts and there was much excitement while President Julian Bloehm announced the winners. The prizes ranged from five-pound boxes of candy to a new pocket-book with a five-dollar bill enclosed, and down to a rolling pin, a carpenter's hammer and screw driver. Everybody got something.

MOONEY WILL WIN FIGHT FOR LIBERTY, DECLARES BROTHER
Tom Mooney, San Francisco labor leader, now serving a life sentence in San Quentin penitentiary for complicity in the explosion in Preparedness day parade on July 22, 1918, in which ten persons were killed and forty injured, is certain to win his fight for liberty, according to John L. Mooney, his brother, also of San Francisco, who is Atlanta as a delegate to the Associated Association of Street and Railway Electric Employees of America, which convened here Monday in its seventeenth biennial session.

"day," he said, "my brother, Tom Mooney, wears prison gray at San Quentin. Only five years ago he was merely an obscure iron molder. Today he is known by reputation millions. Five years ago he is walking the streets of San Francisco—a free man. Today he is an innocent man, but he occupies a prison cell."

At the meeting of the convention in the city auditorium Monday, he made an address in which he reviewed his brother's case, and asked aid in his efforts to obtain a trial for him.

RELEASE OF DEBS URGED BY CARMEN

Jerome Jones, editor of The Journal of Labor, and others. A theater party at the Lyric was attended in the evening by several hundred delegates. An elaborate program for the ten-day convention has been arranged. The local convention committee composed of W. R. Honea, W. T. Etheridge, H. O. Jones, J. B. Hughes, R. B. Smith and M. Ellis.

Preston S. Arkwright, president of the Georgia Railway and Power company, delivered an address at 10 o'clock Monday morning at the opening session. He said that at the instance where an executive of a street railway company had been invited and the address is therefore hailed as a precedent in showing co-operation between employer and employee and the desire for mutual aid between them.

Among the national officers who are attending the session, besides the national president, are William B. Fitzgerald, of Troy, N. Y., vice president; L. D. Blend, of Chicago, treasurer; and R. L. Reeves, also of Chicago, secretary.

Tuesday morning will open with a business session at the city auditorium, when the first real business will be entered into, and matters vitally affecting unionism discussed. A similar business session will be held Tuesday afternoon.

Delegates and guests of the convention will leave the auditorium at 2 o'clock Tuesday afternoon aboard special cars for Lakewood park, where they will witness the automobile races at 2:45 o'clock. This will be followed by a Georgia barbecue at 4:30 o'clock at the park.

On Monday evening, September 19, the convention banquet will be held at the Ansony hotel. After this, it is understood, delegates will begin members of the Georgia Railway and Power company, who have announced that all visiting delegates wearing the official badge will be permitted to ride the city street cars without admission.

Beginning with Tuesday, it was announced, all sessions will be closed to all but accredited delegates, with the exception of the anniversary sessions by President Gomers Thursday evening, which will be open to the general public.

Hollomon to Address Rome Kiwanis Club On Tax Question

Rome, Ga., September 12.—(Special.)—At the noon-day luncheon of the Kiwanis club here tomorrow, at which the members of the Rotary club and other civic organizations will be guests, James A. Hollomon, of The Atlanta Constitution, will talk on the tax and school systems of the states in the south, and Georgia's crying need for better support for her institutions.

Mr. Hollomon, who is Washington correspondent of The Constitution, has just finished a tour of the southern states in a study of these questions, and he will be greeted by one of the most representative audiences ever assembled in Rome. He comes by special invitation of the Kiwanis club, the great questions of taxation and school support being of paramount interest to all the people not only in Floyd, but all over Georgia.

ed in the various schools Monday. And they were humanly real—the acts of the little fellows coming for the first time to school. It was their first great adventure. How a new era was being opened to them, one that had eagerly been looked forward to for a period of their six years.

The big newly completed auditorium of the East Lake school served as the scene for the opening of the school year. It was the first of a series of addresses of Miss Eva Richardson, the school principal, with as great a pride for a last day as William Jennings Bryan could for an expert. With heads bowed the group repeated a prayer in concert, followed by the reading of the scriptures by Mrs. Johnson. Other speakers were: David Webb, Fred Guild and Hugh Gelder, members of the school board; Mrs. Albert Akers, president of the Parent-Teacher association; and Mrs. H. Clay Moore, of the association.

The auditorium also used as class rooms by the closing of folding doors downstairs, under the big room is located the kitchen, playroom and laboratory.

An unusually large number of children attended the opening of East Atlanta school. Miss Ruba Westley, principal of the school, made the opening address. She appealed to the children for full cooperation in the big undertakings to be carried out by the school during the new term.

Atlanta is to know Atlanta, and it is the committee's intention to make the most of the day. The committee is versant with every feature of the city. Two months ago a tour was made through the Hanson Motor company's plant.

Another feature of the day was a fishing contest among the visitors. For one hour more than a hundred of them fished. The contestants were paired off, and two prizes awarded to the couple catching the larger fish, and two to the couple catching the smallest.

Speeches on industrialism were delivered to the visitors by H. F. Willis, of the Georgia Railway and Power company, and G. F. Smith, secretary of the Atlanta Railway and Power company.

At the close of the outing, John L. Westmoreland, president of the Junior chamber, made a speech in which he thanked the members of the Junior chamber, who had been instrumental in the reception which had been given to the visitors.

Transportation to Bull Sluice from Atlanta was furnished by the Packard, G. M. C., Cadillac and Nash Motor companies.

Among the national officers who are attending the session, besides the national president, are William B. Fitzgerald, of Troy, N. Y., vice president; L. D. Blend, of Chicago, treasurer; and R. L. Reeves, also of Chicago, secretary.

Not Beauty Only

These whiter teeth mean safer teeth as well

No doubt the great reason why millions use Pepsodent is to get prettier teeth. It removes the dingy film.

But science has more important objects. Pepsodent brings five effects, and all of them mean better tooth protection.

The ruinous film
Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Old methods of brushing do not effectively combat it. So it often lingers long.

Film absorbs stains, making the teeth look cloudy. Countless teeth are thus made dingy.

Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles. Most of the tooth and gum attacks are now traced to that film.

Must combat it daily
After diligent research science has found two ways to combat that film. Many careful tests have

proved them. Now leading dentists everywhere advise their daily use.

Both are embodied in a modern tooth paste—Pepsodent. Every use attacks the film in two effective ways. It also brings three other results which have proved essential.

Fights starch and acid
Pepsodent does what fruit acids do. It multiplies the salivary flow. It multiplies the starch digestant in the saliva, to digest starch deposits that cling. It multiplies the alkalinity of the saliva, to neutralize the acids which cause tooth decay.

Those are Nature's great tooth-protecting agents. Every use of Pepsodent multiplies their powers.

Effects are apparent
Millions now know the delightful effects. Any one who will can quickly see and feel them.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Then read the reasons in the book we send.

A week may bring a life-long change in your teeth cleaning methods. Cut out the coupon now.

STRIKER'S TRIAL WILL BEGIN TODAY

Fitzgerald, Ga., September 12.—The trial of C. C. Fairfield, former flagman on the Atlanta, Birmingham and Atlantic railroad, one of 25 persons indicted on charges of "interfering with employees" of that system, will begin tomorrow morning at the special term of the superior court which began today.

The preliminaries of the trial were completed late tonight. A motion for a change of venue, a demurrer to the indictment and a motion for postponement were refused.

Mayor on Stand.
A large number of witnesses, including the sheriff and mayor, the latter being one of those indicted, were placed on the stand to testify as to whether a fair trial could be obtained. Mayor J. L. Pittman

stated that he was willing to have his case tried here.
Officials investigating the fatal shooting of Engineer W. T. Reed, July 6, indicated tonight that arrests soon would be made.
When the case of Fairfield was called, A. J. and Carlisle McDonald, and Hal Lawson, of Abbeville, presented a motion for a continuance on account of failure to secure necessary witnesses in time for trial at this term. Judge Gower overruled the motion.

Consumed in Argument.
The entire day was consumed in an attempt by the defense to secure a change of venue on the ground that through the influence of the citizens' committee and contributors to a fund to prosecute strikers prejudice had been created against the defendant strikers, and that they fear an impartial trial may not be had.

Numerous witnesses were called after the unsuccessful argument by attorneys seeking a change of venue.
The courtroom was packed throughout the entire day, but there was no disturbance anticipated. The strikers were optimistic of the final outcome.

Twenty-Five Cases.
There are twenty-five cases to be

tried and each defendant will demand a separate trial. It is thought that these cases will exhaust the jury box, as a great many jurors are disqualified through relationship with defendant strikers, by being contributors to the fund to prosecute the defendants, or by relationship to contributors.
The state is represented by Solicitor-General J. B. Wall, Jess Grantham and Special Attorney D. E. Griffin, engaged to assist the state by leading citizens of Fitzgerald.

**DR. WHITTAKER'S BODY
WILL ARRIVE TODAY**

The body of Dr. Simon T. Whittaker, well-known physician of Morven, Ga., who died at his home Sunday, will arrive in Atlanta Tuesday morning. Funeral services will be held Tuesday afternoon at the chapel of Harry G. Poole, with burial in West View cemetery.
Dr. Whittaker had a large number of friends in Atlanta. He was 48 years old at the time of his death. Surviving him are his wife; two sons, Paul and Elijah Whittaker; two daughters, Mrs. W. H. Humphreys and Miss Louise Whittaker; and a sister, Mrs. W. H. Harner and Miss Lena Whittaker.

Local Association Of Life Insurers To Hold Fall Rally

Members of the Atlanta Association of Life Insurers will hold the fall rally of the association in the city of Atlanta, Friday afternoon, according to W. E. Duncan, president.
Noyen D. Ellsworth, assistant president of the national association, will speak on the recent national convention and Charles A. Bickerstaff will discuss the proposed Atlanta insurance library. John L. Shuff, general agent of the home office of the Union Central company, and president of the national association, is also expected to speak.

Seventh District Aggies Hold First Football Practice

Powder Springs, Ga., September 12.—(Special.)—Football practice started here Saturday afternoon on the Seventh District A. & M. school campus. Seven players, who were turned out for the initial practice. The school's team is under the direction of one of the players this year, as a coach has not been hired. Ted Landrum and Edward Gant, both halfbacks on the team, are coaching.
A hard schedule is in the making, and the institution is striving to turn out the best eleven in the history of the school. The positions have been practically clinched by returning players from last year's team. Among the most likely men for other positions are Walter Ryan, tackle, and the Putnam brothers. What will probably be the first game of the season will be played on the 15th of September at the school, on the latter's ground. The team in the state that would like to arrange a game with the Powder Springs eleven is asked to write Edward Gant, A. & M. school, Powder Springs, Ga.

**REV. R. P. MARTYN DIES,
AFTER LONG ILLNESS**
Rev. R. P. Martyn, 74 years old, a prominent resident of College Park and widely known in Atlanta, died at his residence in College Park, following a long illness extending over many months.
During the civil war he was a chaplain in the North Georgia brigade, and at the time of his death he was a member of Camp No. 159, United Confederate veterans.
Surviving him are one son, R. P. Martyn, Jr., of Havana, Cuba; six daughters, Mrs. I. M. Van Dyke, of Birmingham; Mrs. O. M. Abbott, of LaGrange, Ga.; Mrs. W. T. Shockley, of Apalachee, Ga.; Mrs. J. D. Rung, of Pittsburg, Pa.; and Miss Mildred Martyn, of Cannon, Ga.; and a brother, William Martyn, of Taylorville, Ill. Funeral services have not been completed.

MOTHER OF GIRLS' SCHOOL DEAN DIES

Mrs. Adeline Jackson Wingo, mother of Miss Alice Wingo, dean of the girls' department of the Martha Berry schools, Mount Berry, Ga., died at the home of her daughter Sunday morning at 9 o'clock. Funeral services will be held from the Mount Berry chapel Sunday afternoon at 4 o'clock, with Dr. E. R. Leysburn, of Rome, and Dr. William A. Lee, school chaplain, officiating. The pallbearers were members of the faculty of the Berry schools.
Following the services the body was sent to Spartanburg, S. C., for burial. Miss Wingo and H. A. Etheridge, of Atlanta, accompanied the body, and were joined en route by Professor W. S. H. Clendenen, of the Berry college, and Dr. L. J. Wall.
Mrs. Wingo was 68 years of age, and is survived by two daughters, Mrs. J. H. Brooks, of Due West, S. C., and Miss Alice Wingo, of Spartanburg, S. C., and one grandson, Henry Brooks, principal of Cedarhurst High school.

MR. AND MRS. HOPE GIVE "TACKY" PARTY

Dr. and Mrs. R. L. Hope, of 1600 Piedmont road, have invited the Christian Endeavor of the Westminster Presbyterian church to a "tacky" party to be given at their home tonight at 8 o'clock. Automobile trucks will meet the gay merry-makers at the church at 7:30 o'clock and also will return them after the party.
The novel invitation that was read to the members Sunday night followed. "The Hopes of all banded together, want you, no matter the weather, to grace with your presence the party of the 'tacky' party. Customs ridiculous you must wear, and if it is ruined you will not care."

HOW TO GET RID OF CATARRH

**A Simple, Safe, Inexpensive
Method that Clears Out the
Head, Nose and Throat.**

There is no disease more offensive or disagreeable, or no disease that will lead to so much serious trouble as catarrh. You can now get rid of it by a simple, safe, pleasant home remedy discovered by Dr. Blosser, a catarrh specialist.
Dr. Blosser's Remedy is composed of medicinal herbs, flowers and berries, which you smoke in a dainty pipe or cigarette. The smoke-vapor is inhaled into all the air passages of the head, nose, throat and lungs and carried medicine where sprays, douches and ointments cannot possibly reach. Its effect is soothing and healing and is entirely harmless. It contains no cubes or tobacco, is not sickening to those who have never smoked, and may be used by women and children as well as men.
If you suffer from catarrh, asthma, catarrhal deafness, or if subject to frequent colds, you should try this remedy. Satisfactory results guaranteed. Any well-stocked drug store can supply Dr. Blosser's Remedy.
A trial package will be mailed to any sufferer for ten cents (coin or stamps) by The Blosser Co., 25 DD, Atlanta, Ga., to prove its beneficial and pleasant effect.—(adv.)

How To Get Relief From Rheumatism

**Scientists Agree That the
Cause Is Due to Waste
Products in the Blood.**

The blood is the means by which all tissues, muscles, ligaments and flesh of the body are directly or indirectly nourished. It is also through the blood stream that worn-out tissues and waste products are cast out of the system.
When waste products accumulate, they are a menace to life. They cause a lowered vitality, many skin disorders and rheumatism. Genuine relief from the agonies of rheumatism can be had only by correcting the basic trouble—waste products.

Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 56-page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 732 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.—(adv.)

100-POINT DROP IN COTTON SPOTS

Extreme Realizing and Hedge Selling Causes on New York and New Orleans Exchanges.

Atlanta cotton spots followed the break in New York and New Orleans futures Monday and on the floor of the commercial exchange were quoted at 19.75, a loss of 100 points. The reaction in futures was violent, New York options closing from 80 to 120 points below Saturday's close.

New York spots dropped 100 points to 19.80, while New Orleans showed a recession of only 25 points to 20 cents. Immediately after the opening a wild series of fluctuations were inaugurated, and heavy realizing and short selling broke October to thirty points below the previous close.

News of damage to the cotton crop in the southwest by storms and an excited advance in Liverpool caused heavy buying at the opening of the market in New York. The upturn was of short duration, however, a reaction being brought about by extensive realizing and hedge selling.

October advanced to 21.50 at the opening, or 25 points above Saturday's closing quotation and back to the high record of last Wednesday, but later broke to 19.85. January sold off to 19.40, or more than \$5 a bale over last week's closing quotation.

Reports that the tropical storm which threatened the cotton belt last week had passed out to sea and a private report indicating no more than average deterioration in crop conditions since the end of August led to further liquidation during the afternoon.

The break extended to the full limit permitted by the maximum fluctuation rule in the case of October which sold at \$10 a bale below the high level of the morning. Later months showed losses of 1 to 2 cents a pound, but there was trade buying below the twenty cent level which caused a slight rally Sunday morning. The close was easy to a net decline of 80 to 120 points for the day.

Practically the same course was followed on the New Orleans exchange.

SEEK FIREBUGS IN SMALL BLAZE; ONE WHITE MAN

Acting on the supposition that a small fire which was discovered in the rear of a vacant house at 153 Pulliam street early Sunday morning was the work of fire bugs, police were looking Monday for a man and two negroes who were seen by neighbors to leave the vicinity of the place a few minutes before the fire was discovered. The fire was extinguished before the fire department could answer the call but upon investigation small bits of cotton waste, soaked in kerosene, were found under the rear of the porch.

This is the fourth time within the last three months that attempts are said to have been made to destroy houses owned by Mrs. Emma Wentworth, of 181 Pulliam street, who owns six houses in that block, according to a statement by her Monday morning.

Alleges That Fall Cut Off Her Nose; Sues for \$10,000

Suit for \$10,000 was filed in the city court of Atlanta Monday by Mrs. A. M. Watson against Mrs. Anna E. C. Vaughn, in which the former alleges that she fell from the back step of her home at 88 Larkin street and cut her nose off. The petition alleges that Mrs. Vaughn owned the house which the petitioner occupied.

Mrs. Watson alleged that she fell because of a defective step, her weight of 215 pounds landing on a sharp projection at the bottom of the steps, her nose striking the projection first. Physicians sewed the severed member back in its place, the suit said. Attorney William E. Arnold represents Mrs. Watson.

PAY PATIENTS PLAN AT GRADY HELD UP

The hospitals and charities committee of city council stopped plans to consider the advisability of accepting pay patients at Grady hospital Monday when Mayor Key advised against it.

The privilege was instituted it would be abused and expressed it as his opinion that the present policy should not be abandoned.

Dishonest Agents Blamed for Evils In Immigrant Law

New York, September 12.—Hardships worked by the new restrictive immigration laws apparently are the fault of dishonest steamship agents, declared Representative Isaac Siegel, of New York, made public today.

Mr. Siegel, who is a member of the house committee on immigration and naturalization, recently wrote the president seeking executive intervention in enforcement of immigration laws—an enforcement which the representative declared was resulting in parents being admitted and their children sent back because they happened to arrive after the country's admittance quota had been filled.

In his reply Mr. Harding said: "I haven't any doubt in the world but the enforcement of the immigration laws is working many a hardship. My own district has been very great over some of the specific instances which have been reported to me."

"If I have the situation correctly presented, the difficulty must be charged to the dishonest steamship agents who have brought to this country innocent immigrants in spite of our continued warnings during a period of very great leniency. I know how very persistent have been the impositions which have been made on the government agents who have disposed to be sympathetic and more than generous in carrying out the law."

"However, I am sending your letter to the department of labor for further information on the subject. I have great confidence in the commissioner of immigration and I know that the secretary of labor is one of the most human and sympathetic men in all of the land. If there are conditions such as you suggest, I feel pretty confident that they are being handled very efficiently and to the satisfaction of the law."

SCENES OF PATHOS MARK DEPORTATIONS

New York, September 12.—(Special.)—Pathetic scenes marked the embarkation yesterday on the Star liner Zealand of 50 persons deported under the immigration restrictive law. Women wept and moaned and men literally tore their hair as they boarded the steamer, as the hour of sailing approached they sat in separated groups under guard, the women in one part of the third cabin, the men in another, passive and despairing, with tragedy written on their faces. They were being sent back because the August quota of immigrants from the Balkans had been reached. The deportees were in good health and in the prime of life. In coming here to make homes for themselves they had sold all their possessions in Europe, and they had nothing to go back to but want.

RUSH MARKS ALL-STAR CONCERT TICKET SALE

That Atlanta is eagerly looking forward to a season of high-class music was indicated yesterday by the opening sale of season tickets for the All-Star concert series and the series intine of the Atlanta Music club, at the store of the Cable Piano company.

Hundreds purchased season tickets for the All-Star series, which will present a season of seven concerts at the Auditorium, the artists engaged being Anna Pavlova, with her Russian ballet; John McCormack, the Cincinnati Symphony orchestra; Frances Alda and Gita Vassini, Reinold wergrenath, the baritone; Sophie Braslau, the contralto; and Sergei Rachmaninoff, the Russian pianist. In the line which awaited the opening of the box office were the most representative men and women of Atlanta, and as the music club is co-operating with the All-Star concert bureau in presenting this series, the audiences will be not only large, but brilliant socially.

Mrs. Charles E. Downman, president, and Mrs. Rucker McCarty, treasurer of the Music club, issued tickets for the All-Star concert series and those of the club's series at the ticket booth to receive applications for club memberships and tickets for the All-Star concert series.

"Only about 100 memberships remain open," said Mrs. Downman, "and the capacity of the hall is small. The All-Star series, open to the public, will be given at the Cable Piano company, and the music club will continue to operate as usual. The series, which we desire choice seats are being eagerly snapped up."

Lower Temperature And Cooler Weather, States Local Bureau

Fair and slightly cooler weather is predicted for Atlanta Tuesday by the local weather bureau. The same prediction also holds good for Georgia, except that the southern part of the state will be warmer than the northern. Cooler weather was recorded in the western and northern portions of the United States Monday, while the south continued to experience very warm weather. The highest temperature reached by southern cities Monday (Orlando, 94 degrees; Montgomery, 92 degrees; Birmingham, 92 degrees; and Atlanta, 90 degrees).

Atlanta's temperature, however, mounted to 90 degrees Monday for the last time this year, according to C. P. von Herrmann, local weather prophet. From now on, he stated, it will continue to drop. Helena, Mont., recorded 33 degrees mean Monday, which was the lowest of any city in the country.

Children's Tears Flood City Hall As School Opens

It's Vaccination Time and Offices of City Physician Are Filled With Reluctant Youngsters.

With childish tears, the city hall is flooded, has been flooded and will be flooded for days to come. Yet—

Mayor Key is not a heartless man. His secretary, Walker Lee, doesn't wear horns.

Walter Taylor, city clerk, is not cloven-footed.

W. Zode Smith, superintendent of waterworks, has never murdered a baby. Not one. Superintendent Willis A. Sutton, of the schools, wouldn't harm a house-fly or a barfly, and well knows how to dispense the milk of human kindness. H. L. Collier, chief of construction, Dr. J. Kennedy, health officer, Building Inspector Bowen, Warden Bill Johnson—all these men are normal, wholesome men, as kind as kind can be. Yet—

With childish tears the city hall is flooded. The kory antics of terrible Turks, who stripped tiny babes of their skin for amusement, have caused few tears than have been burrowed away in city hall in the past few days. The horrors of the Spanish influenza, with all the sorrow they wrought, have made few more childish eyes to dampen childish cheeks. Enough tears have flowed from the eyes of children in the city hall during the past few days to float a battleship. Not justifiable tears, but tears, all the same. Alderman Dave K. Wilder, Superintendent Steve J. Roth, and the city clerk will participate. The annex will be connected with the hospital by a tunnel under the street and will be used only for colored patients. Two hundred beds will be provided and the tunnel recently completed, is seven feet high, eight feet wide and 404 feet in length, constructed of concrete.

HOSPITAL ANNEX TO OPEN SUNDAY; KEY WILL SPEAK

The annex to Grady hospital will be opened Sunday with exercises in which Mayor Key, Alderman Dave K. Wilder, Superintendent Steve J. Roth, and the city clerk will participate. The annex will be connected with the hospital by a tunnel under the street and will be used only for colored patients. Two hundred beds will be provided and the tunnel recently completed, is seven feet high, eight feet wide and 404 feet in length, constructed of concrete.

GEORGIA RAILROAD ASSISTING ATHENS COTTON MARKET

Athens, Ga., September 12.—(Special.)—In the interest of stimulating farmers living in the Athens trade territory in sending their cotton to Athens markets, the authorities of the Georgia railroad are co-operating with the local cotton factors by allowing them to receive the cotton over their rails freight free.

When the cotton is sold, the freight is paid by the shipper from the point of its origin to its destination and in this way the rate is often less than it would be from Athens to the destination. It is believed by cotton factors here that this action will result in several thousand bales of cotton coming to Athens that would otherwise go elsewhere. Other railways running into Athens are co-operating with the cotton factors and other interests in ways that are conducive to more trade.

COOKBOOK OF WOMAN'S CLUB FOR SALE SOON

A record sale of the Atlanta woman's club cook book, which will be on sale about October 1, is expected according to Mrs. Alonzo Richardson, chairman of the sales committee. It will be published by the Atlanta Printing company.

Georgia's foremost cuisine artists will contribute to the book's making. Chapters on various phases of cooking will be by Mrs. S. D. Dull, Mrs. J. E. Hayes, Mrs. Irving Thomas and Mrs. J. B. Rowe. Mrs. H. G. Hastings will contribute a chapter to landscape gardening.

BIGGEST SHRINE FAMILY WILL WIN A PRIZE

Yaarab temple's big basket picnic on Wednesday being an event especially designed to entertain the ladies and children, Potentate Heinz, who has "bought" Lakewood for the entire day, making everything there free for the guests, has decided to hang up a nice prize for the Shrine who brings the biggest family (all his own, of course) to the picnic.

The contestants will be required to "show goods," that part of the event taking place on the stage of the pavilion opposite the grandstand just after 5 o'clock. Hudson and Walter Candler have settled for the fifth or sixth time which has the better horse and which is the better driver of trotters; of course Scott and Walter will start arguing again on the way to the arena, and they will have to have another race in a few days—but that will be another matter. A photographer will be present to snap the contestants in the big Shrine family event.

The before-the-war Ford car race will equal the Indianapolis yearly speed contest in interest, from all indications. Curt Vail will be there with a 1916, George Clayton in a 1917, Ed Pritchard with a 1916 and Ed Beaudry with a snappy, classy 1912. All others with antediluvian Fords who wish to enter the race will phone George Clayton, Ivy 290, pledging themselves to tender the entry fee of this summer's straw hat which will be burned at the start; if the car doesn't start he gets his hat returned—maybe.

The presence of the big crowd of children from the Scottish Rite temple, who are the guests of the Yaarab temple, will be a big feature of the event.

NOTICE OF SALE OF \$136,500.00 City of Atlanta, Ga., 6% Street Improvement Bonds

Sealed bids will be received by J. R. Seawright, Chairman Finance Committee, at the office of City Comptroller, Atlanta, Ga., until 12 o'clock noon, September 28th, and will be opened immediately thereafter in the office of the Mayor, for the sale of \$136,500.00, 6 per cent Street Improvement Bonds, maturing September 1st, 1921, in denominations of \$1,000.00 and \$500.00, due one to ten years serially. Interest payable semi-annually. Principal and interest payable at city treasurer's office, Atlanta, Ga., or at city's fiscal agency, in New York City. Bonds are in coupon form, but may be registered both as to principal and interest. These bonds are issued by the City of Atlanta for the purpose of providing funds for the paving of streets, in pursuance of an act amend. Paragraph 1, Section 7, Article 7, of the Constitution of the State of Georgia providing for the issue of Street Improvement Bonds. These bonds have been validated by the Superior Court of Fulton County and the United States District Court for the Northern District of Georgia. Each bid must be accompanied by a certified check for 2 per cent of the amount of bonds bid for, which check may be made payable to City of Atlanta. The right is reserved to reject any and all bids. Bids should be marked "Proposal for Bonds" and addressed as stated above. Circular giving full particulars including financial statement will be furnished upon request.

B. GRAHAM WEST, Comptroller, City Hall.

Crippled Children's hospital has given new zest to the interest in the big picnic, and a host of Shriners who have no children of their own have come forward with tenders of their services in assisting the nurses in caring for these little ones and seeing that they enjoy the freedom to the riding devices and entertaining features in common with the little children of Shriners who can run about and do as they please.

DR. MOORE TO MAKE HOME IN AUBURN, GA.

Dr. A. R. Moore, for several years superintendent of missions for the Christian church in four southern states, will move to Auburn, Ga., this week to take up his new duties as president of the Southeastern Christian college. He was elected to that position at a recent meeting of the trustees of the college, which was held in Savannah, for eight years. Before assuming the Savannah charge, Dr. Moore was pastor of a Birmingham church.

Mrs. Frank Carter will entertain this afternoon for her sister, Miss Katherine Stewart and Miss Katherine Carter, who will leave in a few days for school.

Miss Grace Berryman, of Macon, will be honor guest of a party at the Capital City club roof garden dinner-dance this evening.

Complimenting Two Baltimore Visitors.

Miss Virginia Lyon and Miss Betty Startzman, two charming Baltimore girls who are guests of Mrs. Julian Thomas, are being shown many social attentions.

This afternoon Mrs. Norman Sharp will give a party bridge-noon in compliment to these visitors, the other guests to include a group of the young social set.

Mrs. George E. King will entertain tomorrow at a bridge-noon at the Druid Hills golf club for Mrs. Thomas' guests.

Mrs. King will be assisted in entertaining by Mrs. Julian Thomas and Mrs. Howard Lyons, of Baltimore, Md.

The invited guests include, besides the honorees, Miss Mary Welden, Miss Lucy Candler, Miss Margaret White, Miss Mary Nevin, Miss Allen Carroll, Miss Elizabeth Peoples, Miss Mildred Fraser, Miss Tei-

For Miss Farlow.

A delightful event of the past week, complimenting Miss Farlow, a charming bride-elect, of next Saturday, was the linen shower at which Miss Lillian Eichelberger and Mrs. Clarence Elliott, Super entertained at their home on Brook-

line street.

The rooms were artistically decorated with ferns, garden flowers and other seasonal touches. Miss "Cupid's Consequences" was enjoyed.

The bride's book was presented to Miss Farlow, after which she was showered in a very unique manner.

To the strains of Lohengrin's "Wedding March," a youthful bride, Miss Farlow, was escorted to the altar by her groom, Mr. and Mrs. E. G. Coker, who were the most of home and away.

Mrs. W. H. Crowe will entertain at a bridge-noon at Mrs. Riddell's apartment in the Blackstone, in compliment to this visitor.

Thursday, Mrs. T. H. Johnson will give a bridge-noon for Mrs. Howland, and Friday evening Mr. and Mrs. M. W. Brooks will entertain the members of their bridge club at their home on Ruppel drive, Mrs. Howland to be number one among the out-of-town guests.

Other affairs are being planned for this visitor.

Johnson-Bradford.

Juliette, Ga., September 12.—Dr. and Mrs. J. F. Lancaster, of Forsyth, have just announced the marriage of their sister, Miss Minnie Johnson, to Mr. Bradford, of Boston. The wedding took place August 24, at Mobile, Ala. Mr. and Mrs. Bradford leaving immediately for points in Florida. Mrs. Bradford formerly lived at Forsyth. She is a talented artist, the walls of her home being hung with beautiful works of her own creation.

Party Series for Charlotte Visitors.

Misses Corinne and Mary Rogers Gibbons, of Charlotte, N.C., guests of Miss Lydia Mathews, were complimented with a supper party at the Piedmont Driving club Monday evening, Saunders Jones being host.

Completing the party were Miss Lydia Mathews, Sam Imma Cooper and Edmond Brady.

Last Friday evening Henry Grady, Jr., gave a buffet supper at his home on Peachtree road for these visitors, the guest list including Miss Corinne Gibbons, Miss Mary Rogers Gibbons, Miss Lydia Mathews, Miss Patty Moore, Wayne Martin, R. J. Foreman, Jr., Clarence Dehl and Henry Grady, Jr.

The Misses Gibbons spent yesterday and will again today be guests of Mrs. Gillespie Sadler at her home on Twelfth street, and will return to Charlotte this evening.

Miss Oliver Entertains.

Saturday afternoon Miss Christine Oliver was hostess to her bridge club at a bridge-noon at her home on Piedmont avenue.

Quantities of ferns and flowers, arranged in silver bowls and vases, decorated the room, and including the game a delicious salad course was served.

Top score prize, a pique dish, was won by Mrs. R. S. Blanton, and the consolation, a silver picture frame, was cut by Mrs. W. F. Lunn.

Mrs. Oliver was charmingly dressed in a sport model of white and tan.

The guests included Mrs. G. S. Russey, Jr., Mrs. W. F. Langer, Jr., Mrs. W. S. Wightman, Mrs. R. S. Blanton, Mrs. Robert Mullins, Miss Pearl Gardner, Miss Grace McCowan and Miss Elizabeth Worley.

Little Children Brighten Homes

EVERY young couple starting out in life has visions of joyful hours spent before the fireside with healthy, happy children; but, alas, how often young women who long for children are denied that happiness because of some functional derangement which may be corrected by proper treatment.

Lydia E. Pinkham's Vegetable Compound is just the medicine for these conditions, as the following letters show:

McDonald, Ohio.—"I suffered from a displacement, a weakness, and a great deal of pain. The doctor said nothing would help me but an operation. He said I could never have any children because I was too weak."

"I had often heard of Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me. Now I am in the best of health, do all of my own work, and have a lovely boy six months old. I recommend your medicine to my friends and you have my permission to use this letter."

—Mrs. J. C. EAGLESON, 426 Garfield Ave., McDonald, Ohio.

Wednesday. The enrollment will

not be quite as large, perhaps, as

last year, since the high standards

set and maintained by the college

has made it necessary for the com-

mittee on entrance requirements to

refuse many girls who wished to

enter.

For the first time in its history,

the institution will have no com-
